With a browser go to http://localhost:1947
Select option “Configuration”
Go to tab “Access to Remote License Manager”
Specify the license server:

- “flexserv18.tudelft.nl” for students of CIE5148

Push submit:

Wait a couple of minutes and go to option “Sentinel keys” and see something like:

Vendor 3659 is TNO Diana. Click on “Net Features” to see details of the license.

Note: you will need to be connected to the network of the university, e.g. by a VPN.
